

Hope Missions

February 2024

First Time Visitors

We were blessed with 15 first time visitors this month. Many of these are a direct result of our mail outreach cards. However, just as many are from our people's daily witness.

Please pray for these new individuals. Many of them need salvation and all of them need to make important decisions for the Lord.

15

New Record Attendance

With all the new faces we have seen a spike in attendance. We had one Sunday with 60 (a new high attendance), and another week with 56.

60

Our previous high attendance was an Easter service, so it was great to see this on two Sundays with no special emphasis.

Please pray for all these new people to stick with it. It is not

uncommon to see strong spikes and then it settles down with a few connecting long term. Hopefully many will choose to remain with us.

Land and Building.

I did go and speak to the land owner we were hoping to make an agreement with for the two strips of land. He indicated that he had not made any decisions as of yet.

At this point we just need to press forward with our plans as if this is not going to happen.

I would ask for prayers that perhaps he will be influenced by the Lord to make an agreement with us, but if not we know that God has a reason.

We continue to slowly make plans for our next step with building. There are no definite plans at this time, but these good attendance numbers we have had are challenging our space in our auditorium.

Upcoming Outreach

We are looking forward to having a group of MBSF students come from SAU and ASU in March. They will be helping us to do a door to door survey outreach as well as a few community projects.

Of course Easter is in March as well and we will be arming our people with tools to reach out to their family, friends, coworkers, and school mates.

Also looking into April, we are trying to leverage the eclipse to our advantage. We are right in the path of where it will be the best viewing. We have a tract about the eclipse, and a witnessing strategy that coincides with that tract. We are already having conversations about it and are thinking about what special things we could do the day of the eclipse.

Please pray for much fruit to come as a result of these efforts.
