Dear Brethren,  
I started this month teaching a seminar in western Kenya. I had taught much of it two months ago. It was an advanced class for new pastors who had already finished the basic level of our Bible institute. I then went to Mbale, Uganda and taught Baptist history to the class of over 30 who are there. After school I was able to visit two of the four newest churches there. The work we have in Uganda is really blooming. We now have a preacher working with an unreached group of Pigmies in the extreme western part of that country. I'll let you know how it goes.

We also held a seminar at the coast with 23 new preachers. This work is growing well too.

Our print shop workers in Nairobi are working overtime getting books ready for the national meeting our churches are having next month. Thanks for all of your prayers and financial support. Yours for Christ in East Africa. E.D.H.
