Dear Pastor Stringer,

A few weeks ago, a client arrived at the center strongly considering abortion. When she requested the appointment, she was advised that AbbaCare would never recommend or refer for an abortion. She was also told what we could do for her (confirm her pregnancy, determine that her pregnancy was intrauterine and viable, and discover the gestational age). She was told that during the consultation with our nurse, she would have the opportunity to discuss all options of pregnancy, and she would be given the medical facts of prenatal development.

What we did not tell her before she arrived for the appointment was that we believe hers was a "divine appointment." We did not tell her that our staff and prayer partners began praying for her as soon as we heard of her interest in abortion as an option for her unborn child. We did not tell her that she would be loved unconditionally.

Those participating in the ministry of AbbaCare have been given a sacred trust . . . to come alongside women and men facing many difficult issues and decisions. We have been allowed the honor of being an ambassador of compassion as we listen to their stories of betrayal, hurt, and sadness. We have been called to exhibit grace and truth, and that truth is built on the authority of God's Holy Word, because without Him, there is no basis for truth.

We are grateful for your support. It is your financial contribution that empowers our ministry to continue to offer all services free of charge. The client above chose AbbaCare because our services are free. After counseling and seeing her baby on the ultrasound, she also chose LIFE for that unborn baby. Praise God!

In His Service,
Nikki Morelli
