Hope Missions

March Report

It is Done

The purchase of the additional ground is complete. Thank you for all who prayed through the process. This is a great blessing for us and puts us in an even better position for the future.

It is Getting Real

All the drawings have been completed and are approved by the Town of Hope. Now we are waiting for state release and county approval all of which should happen this month barring a serious unforeseen issue. Please help us pray to that end.

I have also had initial conversations with those that will be helping us dig and install footers as well as those that will be laying the block foundation.

Tentative Building Schedule

Dirt work and footers (Early May)

Foundation Wall (Mid-May)

Under slab plumbing (Late May)

Pour slab (June)

Framing, Roof, and rough in (July 12-26)

Sponsored by: Calvary Baptist Church

PO Box 929 Magnolia, AR 71754

Out Reach

Mail Out Brochures

We will mail out a brochure highlighting all of our easter services next week. This will go to everyone with a Hope address and the same brochure will be made available to our people to use in their daily witnessing and inviting. Please pray for their effectiveness.

Easter Event

Our people have planned an Easter event for the community in addition to a special Palm Sunday and Easter services. Please pray with us that people will respond to being invited to these services.

Summer

Our people planned a summer kickoff event and a back-to-school event. One is like a one-day VBS and the other is a carnival type fun atmosphere. Please pray for these efforts to reach the lost and connect us with more families.

Salvation

Just yesterday I got to witness to a young woman and have the thrill of her praying to receive Christ as her savior. Please pray for her to make a significant connection to our church and allow us to disciple her.
